“EXPERIENCE A MIRACLE”

In the Soviet Union March 2nd - March 16, 1986
With Beverly Hutchinson

What is a miracle?

- * The miracle acknowledges everyone as brothers and sisters
 - * Miracles represent freedom from fear.
 - * Miracles occur naturally as expressions of love.
 - * The real miracle is the love that inspires them.
- In this sense, everything that comes from love is a miracle.

A Course In Miracles

In March of 1986, we will, as citizen diplomats, take “A Course In Miracles to Russia”, as we apply the principles of The Course into our meetings and interactions with Soviet officials, theologians, artists, writers, actors and physicians. Although we will be meeting people representing many professions, one of the most unique aspects of this trip is that we will have the opportunity to meet and share with several Russian healers.

As we meet with our Soviet brothers and sisters in Leningrad and Moscow, we will be able to gather in both formal and informal settings not just to exchange ideas and concepts of peace, but to exemplify the peace that we would like to see between our two nations. Our prime motivation of this trip is to leave behind stereotyped conceptions and misconceptions of the “Russian people”, as we go to see them through the eyes of love instead of fear.
